

INTERVIEW QUESTIONS REPORTER

For the exercise: the reporter and the advocate

The reporter asks the advocate the following questions:

1. What are you advocating for?
2. Why do you want others to know about this important message? Why is it so important to you?
3. What needs to change in the current situation? For whom and why?

Then the advocate has to think *about his/her current life as a student*, how can (s)he make a change there? The reporter can ask him/her:

4. How do you want others to know about this message? (The advocate makes a choice for one of the following media: by making a poster, a brochure, a song, writing a letter, perform street theatre, plan an event.)
5. Who would be able to support you in distributing your message? How could you organise that? (think of pairing up with other students, forming an out of school club, making an action plan et cetera).
